Please Jesus Christ almighty please empower me with your ultimate forces  
Eat me for lunch

Oh no no please please tell me that I am a winner  
Dream do not come true at least not for me  
I dont ask for much motherfucker give me something  
Oh no here we go again  
Oh shit here we go again  
Oh fuck here we go again  
Youve seen my thing here it is again  
Now do what you do and fuck everything  
Where do you draw the line its time and time again  
Im working oh so hard but Im losing all my friends  
Dream do not come true at least not for me  
I dont ask much Motherfucker give me something  
Oh no here we go again  
Oh shit here we go again

Youve seen my thing here it is again  
Now do what you do and fuck everything  
In the city of pity  
where everyone is sorry  
An apology is not need  
Because everyone has cheated  
Concentrate if it kills you  
And fucking get a clue  
About what the fuck is going on around you  
Boom your done Boo-ya it over

Fuck work give me back my friends  
Fuck love give me back my friends
