

# Rev Run, Take A Tour

(Backlight, umm..)  
(Gotta be 79, 80, maybe even 81)  
(But I thought it was 80 - that's it)  
(Flash and Melle Mel)

[Rev Run]

Aiyyo tips and toes-es, and fly poses  
I resurrect and respect like I'm Moses  
Flows is boast-es, +Def+ just like +Mos+ is  
And caked out like Rev just bought Hostess  
Run got a rhyme designed like seven-nine was  
I come to flip the script and change time cuz'  
Go, here we go, here we here we here we made it  
I take it back 'fore flattops was faded  
Way before the laptop created  
But now it's on and back and y'all played it

[Chorus: Blondie "Rapture" samples]

And you don't stop - it's the sure shot  
Francois c'est faux, Flashe' no deux  
And you don't stop - it's the sure shot  
Take a tour, take a tour  
And you don't stop - it's the sure shot  
Francois c'est faux, Flashe' no deux  
I said don't stop, do punk rock

[more samples: The Monkees "I'll Spend My Life With You"  
"Played a game that couldn't last, an ounce of memories from the past"  
"The life I thought I wanted is today..."]

[Rev Run]

Aiyyo back by choices, and my voice is  
on point just like a Rolls Royce is  
Noises, boys is poison with toys-es  
Caked out and Run be the moist-est  
Run got a rhyme designed like seven-nine was  
I come to flip the script and change time cuz'  
Go, here we go, here we here we here we nitro  
That nigga Run insure you like Geico  
I 'member Flash and Mel rocked the night yo  
And back then them boys was like nitro

[Chorus]
