## Rev Run, Take A Tour

(Backlight, umm..) (Gotta be 79, 80, maybe even 81) (But I thought it was 80 - that's it) (Flash and Melle Mel)

[Rev Run]

Aiyyo tips and toes-es, and fly poses
I resurrect and respect like I'm Moses
Flows is boast-es, +Def+ just like +Mos+ is
And caked out like Rev just bought Hostess
Run got a rhyme designed like seven-nine was
I come to flip the script and change time cuz'
Go, here we go, here we here we here we made it
I take it back 'fore flattops was faded
Way before the laptop created
But now it's on and back and y'all played it

[Chorus: Blondie "Rapture" samples]
And you don't stop - it's the sure shot
Francois c'est faux, Flashe' no deux
And you don't stop - it's the sure shot
Take a tour, take a tour
And you don't stop - it's the sure shot
Francois c'est faux, Flashe' no deux
I said don't stop, do punk rock

[more samples: The Monkees "I'll Spend My Life With You"] "Played a game that couldn't last, an ounce of memories from the past" "The life I thought I wanted is today..."
