

Reverend Horton Heat, Girl In Blue

Hey!
Ho!
What evil thing
The girl in blue
What hellish pain
She put me through
My stomach's all tied up in knots
She's so pretty, she's so hot
Pouting lips brought forth to see
Uh, that evil be
With curves that kill
And eyes that sting
The angels cry
And demons sing
Oriental satin blue
Mary Jane stilleto shoe
How naive it was of me
How wicked girls can be
What evil thing
The girl in blue
The girl in blue
The girl in blue
The girl in blue
Yeah!
Hey!
Ho!
What evil thing
The girl in blue
The girl in blue
The girl in blue
The girl in blue
The girl in blue
The girl in blue
What an evil thing
Yeah, Yeah!
What an evil thing
Yeah!
What an evil thing
The girl in blue
The girl in blue
