

# Reverend Horton Heat, I Could Get Used To It

Well I&#039;m ready to rock,  
And I&#039;m ready to rool,  
I&#039;m like a cute little ????

Like a cool Dacharri,  
With the twist of a lime,  
I could get used to this,  
All of the time.

I could get used to it!  
I could get used to it!  
I thought it&#039;d be bad but it didn&#039;t hurt a but,  
Ooh! Baby I could get used to it.

When I met you baby you were 17,  
And you were looking like a girl from a magazine,  
But now you&#039;re older and I got to say,  
I want your sweet love each and every day!

I could get used to it!  
I could get used to it!  
Like an odds on favorite we ain&#039;t gonna miss,  
Ooh! Baby I could get used to this.

I hate so much to put my heart on the line,  
But I wanted real bad just to make you mine,  
And it was just one taste and that&#039;s all it took,  
I&#039;m like a big bass on your fishin&#039; hook!

I could get used to it!  
I could get used to it!  
I thought it&#039;d be bad but it didn&#039;t hurt a but,  
Oh I could get used to this.

Yeah i could get used to it.  
Yeah i could get used to it.

Yeah.
