

Reverend Horton Heat, Love Whip

Met a baby with a smiling face
She said "Baby, what's around your waist"
It was my love whip
And it's so hip

Don't give me no lip
Get out your love whip

Took me home, took the phone off the hook
She said "Baby come and take a look
At my love whip"
Hangin on a bare hip

So let's get unzipped
Get out your love whip

Some people think I'm kind of shy
When I'm with my baby, lord my O'my
She's got a love whip
And it's so hip

Don't give me no lip Get out your love whip

Love Whip!
Love Whip!
Let's get so unzipped
Get out your love whip
