

Reverend Horton Heat, We Belong Forever

we belong forever
forever through eternity
we belong forever
forever just you and me

trial and tribulation
sorrow and some pain
the two of us together
we can weather wind and rain

and we belong forever
forever through eternity
we belong forever
forever just you and me

trial and tribulation
sorrow and some pain
the two of us together
we can weather wind and rain

and we belong forever
forever through eternity
we belong forever
forever just you and me
forever just you and me
forever just you and me
