

Rez Band, Military Man

Military man got his armor on
Molten machine got his loaded gun
Paying his dues on a foreign shore
Just another day playing games of war

For this is the end of the military man
For this is the end of the military man

Military man, yeah, I'm a military man

Yeah, yeah

Military man got his demons laughing, pushing him over the sanity brink
Horizons changing, train derailling, his iron ships begun to sink

For this is the end of the military man
For this is the end of the military man

Military man, yeah, I'm a military man

Yeah, yeah

Saw the light from the Man above
His heart pierced by a sword of love in the military man

Considering chances in a nuclear zone
Hard to live life beneath the battle's drone
Silver syringe caught his victim napping
Slapping him 'round a broken life on loan
He caught sight of the future shock
Defenses crushed beneath the Risen Rock
The Risen Rock, yeah, yeah

No more doing time
He tasted the new wine
No more reason to fight
For the military man
No more military man
No more military man

How you doin'
One question right here,
Are you ready to rock ?
Are you ready to rock ?
Are you ready to rock ?
Are you ready to rock ?
Well, let's go !

No more military man
Thank you good evening
