

# Rhapsody Of Fire, Alive And Proud

Born in the time of darkness and evil  
Under the sign of God glory my  
Mother fire my brother sword my only  
Law Into the land of hate and sorrow there  
Is no place for me and for the conquest of  
Justice and honour I will use my steel

Holy flame burn again till I lose my force  
For the eternity cause I want live serving my king  
Fighting the hordes of the beast

Rage in my heart crossing  
The forest riding my black horse across the  
Valley along the river where the hot blood  
Flows Over the lakes and over the hills I  
Follow the call of the wind soon for the legend  
And for my walkyrie I will fight and win

Holy flame burn again till I lose my force  
For the eternity cause I want live serving  
My king Fighting the hordes of the beast

Lord of the thunder please be my guide  
Before and after my last ride I'll be your  
Soldier serving the light riding forever  
Alive and proud  
Into the land of hate and sorrow there  
Is no place for me and for the conquest of  
Justice and honour I will use my steel  
Over the lakes and over the hills I  
Follow the call of the wind soon for the legend  
And for my walkyrie I will fight and win

Holy flame burn again till I lose my force  
For the eternity cause I want live serving my king  
Fighting the hordes of the beast

Lord of the thunder please be my guide  
Before and after my last ride I'll be your  
Soldier serving the light riding forever  
Alive and proud

Holy star bright forever show to me the right  
Way to win cause I want live serving my king  
Lord of the wind  
Fighting the hordes of the beast
