

# Rhapsody Of Fire, Son Of Pain

(Dargor:)

While I crossed the mountainside  
I recalled a memory  
days of anguish nights of pain  
your voice lives on trapped inside my mind  
eternally

Those wise last words fade in my soul  
You had the choice, you chose the light  
find your way Darklands' son  
spread your wings then your heart will fly  
Thank you, angels  
I am now reborn  
this may be my last breath  
and my final day

I'M THE SON OF PAIN  
WELCOME MY NEW FATE

Hell's lost flame was life for me  
in that moment I felt free  
I was under an evil spell  
so now I want just to live again  
to live again

I am proud, proud to lead my soul  
to new horizons, to the golden sky  
find your way my brave Darklands' son  
wizards, kings, elves and trolls  
Thank you, angels  
I am now reborn  
this may be my last breath  
and my final day

I'M THE SON OF PAIN  
WELCOME MY NEW FATE  
THUNDER GODS I PRAY  
I DENY HELL'S FLAMES
