

# Rheostatics, Sickening Song

Martin Tielli

Sing me a sickening song.  
Make it last long.  
I am only beginning  
To understand what makes it wrong,  
What makes it strong;  
Septically speaking.

Second step down from the top...  
Then I must stop,  
Look down, and consider  
IT.  
What would I break should I drop?  
Fell from the top,  
When I'm only beginning...

And try, something wrong  
Is going to happen  
By the end;  
So to come by the end of this song,  
So make it last long.  
I am only beginning.

I can't stop writing punk rock,  
Because I am stuck... in a ghetto of folkies.  
If something as dumb comes along,  
Please give me some,  
'Cause this isn't the 60's.

And try something new  
Is going to happen  
By the end;  
By the end of this song,  
So, please give me some,  
I am only beginning.

Oh, come by the end of this song,  
Please give me some.  
I am only beginning.
