

# Rhett Atkins, That My Truck

Shes been goin out with him, shes been goin out with me  
said she'd let us know by tonight which one it would be  
so i waited by the phone, but she never called me up  
had to know what was goin on so i drove by her house  
and sure enough

Chorus:

That ain't my truck in her drive  
and this aint my day tonight  
looks like she's in love and i'm out of luck  
that aint my shadow on her wall  
lord this dont look good at all  
that's my girl, my whole world  
but that ain't my truck

I pulled over by the curb  
ive been sittin hear all night  
wondering what it was i did so wrong that he did so right  
i thought of breakin' down the door but there's nothin left to say  
that chevy 4x4 says it all, sittin' in my place

Chorus
