Rhino Bucket, Beat To Death Like A Dog

I've been tramped baby, I've been slammed around

And around

I've been fed baby, been misled been

let down

Working hard for so long girl you wouldn't believe

Sweat in my eyes, sting like a bitch

Choking on your disease

I'm a shell shocked mongrel, battle fatigue

First you blister, then you bleed

Beat to Death like a Dog

I've been shamed baby, I've been tamed into

Submission

I've been chained baby, I've been lamed in this

Condition

Guitar player broken hands, crushed in two

Welts on my back, my eyes are black

But my bulge is true

Too hungry to eat, too thirsty too drink

Too tired to sleep, too stupid to think

Beat to Death like a Dog

Time to light a fire

Time to take it higher and higher

I've been shamed baby, I've been tamed

I've been chained baby, I've been lamed

Welts on my back, my eyes are black

My balls are blue, what's it to you

You say that you'll be mine tonight

But little darling's gonna have to put up a fight

Too hungry to eat, too thirsty too drink

Too tired to sleep, too stupid to think

Beat to Death... Beat to death like a dog

Beat to Death like a Dog Beat to Death like a Dog

Beat to Death like a Dog

I've been chained and beaten

I've been kicked in the head

I've been taken for granted

Left in the gutter, thought I was dead

Beat to Death like a Dog

Beat to Death like a Dog

Beat to Death like a Dog

Beat to Death like a Dog
