

# Rhino Bucket, Going Down Tonight

High tide, no time  
My ship's sinking and I don't know why  
Too far, last call  
They caught me praying in the bathroom stall  
Low lights, high ceiling  
There's a certain pain that I like feeling  
Little girls, older women  
It doesn't matter when the room is spinning  
We go live like a loaded gun  
Yeah, yeah, yeah  
We go live like the settin sun  
We're going down tonight  
We're going down tonight  
South side, too fine  
I don't need a glass to drink my wine  
Sunrise, sun sets  
The meter's running but I couldn't care less  
Loose change, loose ladies  
Twenty dollars make a no go maybe  
Took a fall prison walls  
This f\*\*kin' place has the wrong kind of bars  
We go live like a loaded gun  
Yeah, yeah, yeah  
We go live like the settin sun  
We're going down tonight  
We're going down tonight...
