

Rhino Bucket, World Gone Mad

Business man with love in his eyes
He's got to get away
Made his move like a suicide
There's not a better way
Come here, show me your eyes
You're not a winner in love
back off, you ran outta time
And now you'll come undone
Instigator, masturbator
Manipulation of lies
Now you're mine, yeah, yeah, yeah, yeah
Wave goodbye to a world gone mad
Wave goodbye to a world gone mad
Preacher man with a gun in his hand
Pray his aim is true
Walked a mile in no-man's land
His time in mass is through
Kneel down, open your mouth
In the name of the son
Kneel down, close your eyes
And bite down on your gun
Instigator, masturbator
Manipulation of lies
Now you're mine, yeah, yeah, yeah, yeah
Wave goodbye to a world gone mad
Wave goodbye to a world gone mad
