

Rhodes Happy, The Revelation

There is no sun
There's only moon
It comes too late
It comes too soon
The only reality
Isn't real at all
There are no dreams (Mikey)
There is no sleep
There are no treasures
For this little girl
To keep
The only reality
Isn't real at all

I know life (Mikey)
Is a relative term
And I won't live until
I'm lying with the worms
The only reality
Isn't real at all

There is no love (Mikey)
There is no peace
There's only me
And my beast
The only reality
Isn't real at all
The only reality
Is you and me
