

# Rhomb Frenzal, Mr Charisma

When he walks into the room men sit up and women swoon  
Everybody murmurs "he's here"  
He's the most important guy  
Never stop to wonder why  
He's always got so much to say

He's so cool, he  
makes the rules

Many witty anecdotes one day he will surely choke  
on a story so far away  
He's so cool he'll never die  
Makes us laugh and makes us cry  
If only he'd promise to stay home

He's the man  
He's the man for us

He's Mr  
Mr Charisma  
He's Mr  
Mr Charisma

We see him every other day, he's another world away  
We could hang with him all the time  
He's too perfect to be true  
I can doubt but so would you  
patiently I'm waiting to find out  
What's behind.....that sickly smile

He's Mr,  
Mr Charisma

Well I went to your brother but your brother lied  
He said that what you see on the outside's what you get inside  
I said, I'd like to believe it but I have my doubts  
and I think he might be evil but I wouldn't want to shout about it

He's so so strange  
He's quite deranged

He's Mr,  
Mr Charisma
