

# Rhona, Last Goodbye

How can this be the last time  
That you wipe away my tears  
When they fall because you say that you  
Had enough and we are through

Never thought I'd tell you  
That the end has come too soon  
cause in my wildest dreams I never see  
A life without me loving you

Chorus 1:  
Never before  
Have you walked out the door  
So I can't believe  
That I wont have you no more  
Why can't you see  
What you've been doing to me

Chorus 2:  
How can you lie  
And make me cry  
How can you go  
And break my heart tonight  
How can this be our last goodbye

Chorus 3:  
How can I survive  
All the hurt inside  
How can I really lose my love tonight  
How can this be our last goodbye

Now that you say its over  
My heart is wounded knowing it's true  
And I can't think of what's in store for me  
Being here without you

Chorus 1, 2 and 3

How can you go  
And take the best part of me  
And still with all this pain and misery  
I still want you here with me

Chorus 2 and 3 (2 times)
