

Rhubarb, Waiting For Me

Walking out on another day
In control take me anyway
I want to find out
All alone at another door
Got a taste but I wanted more
I want to find out
I wouldn't lie now
I want to find out

I'm older but I can't believe this soul
Waiting like a child
I'm calling can you tell me how to go
Waiting to be told

Want a taste of another land
Give my life for a second chance
I want to find out
Give myself to another king
What does your independence bring
I want to find out
I wouldn't lie now
I want to find out

I'm older but I can't believe this soul
Waiting like a child
I'm calling can you tell me how to go
Waiting to be told
Jesus are you waiting for me
Time to make my move

Calling out
I'm older now
I'm calling out
