

# Rhubarb, Waiting For Me

Walking out on another day  
In control take me anyway  
I want to find out  
All alone at another door  
Got a taste but I wanted more  
I want to find out  
I wouldn't lie now  
I want to find out

I'm older but I can't believe this soul  
Waiting like a child  
I'm calling can you tell me how to go  
Waiting to be told

Want a taste of another land  
Give my life fore a second chance  
I want to find out  
Give myself to another king  
What does your independence bring  
I want to find out  
I wouldn't lie now  
I want to find out

I'm older but I can't believe this soul  
Waiting like a child  
I'm calling can you tell me how to go  
Waiting to be told  
Jesus are you waiting for me  
Time to make my move

Calling out  
I'm older now  
I'm calling out
