

Rhubarb, Wasting Too Much Time (Reprise)

Oh my God, I can't believe
In the way we strive, this urgency.

When I see we can make it, we'll make it.
We can make it, we'll make it.

[Chorus]
Are we wastin' too much time
Are we wastin' too much time.

Never stop, for fear of silence
Can't connect, we're all willing victims

When I see we can make it, we'll make it.
We can make it, we'll make it.
