

Rhys Lewis, When Was The Last Time?

was I fool for thinking
it's just a phase we're going through?
cause I lately something's missing
it's like our hearts are out of tune

you're faking a feeling
I wish I believed it
ut when was the last time that you loved me?
tell me the truth now
you're dragging the pain out
cause when was the last time
that you loved me
cause you don't love me
anymore
