Rhys Lewis, When Was The Last Time?

was I fool for thinking it's just a phase we're going through? cause I lately something's missing it's like our hearts are out of tune

you're faking a feeling
I wish I believed it
ut when was the last time that you loved me?
tell me the truth now
you;e dragging the pain out
cause when was the last time
that you loved me
cause you don't love me
anymore
