

# Ric Segreto, Give Me A Chance

I.  
I need you  
Is all that I can say  
But deep inside of me  
You'll know I want you more each day  
But time won't let me have the chance  
So I've got to see you even at a glance

II.  
I know, it's hard for you to see  
Exactly how much you mean to me  
Since it's just a one way street  
And I'm the only one who's on it  
No one knows the way but me

Cho:  
I love you can't you hear me  
Oh can't you please see through me  
Oh babe I need your love so badly  
It's no lie so please believe me  
In my heart you'll see the real me  
You just gotta give me a chance

III.  
Well since I got that off my chest  
All I need to let you know  
Is I really did my best  
Keep this feeling inside  
But there's just no place to hide  
So please be my love

Cho:  
I love you can't you hear me  
Oh can't you please see through me  
Oh babe I need your love so badly  
It's no lie so please believe me  
In my heart you'll see the real me  
You just gotta give me a chance

Give me a chance  
Give me a chance
