## Rich Mullins, All The Way To Kingdom Come

"We didn't know what love was 'til He came And He gave love a face and He gave love a name And He gave love away like the sky gives the rain and sun

We were looking for heroes He came looking for the lost We were searching for glory and He showed us a cross Now we know what love is 'cause He loves us All the way to kingdom come (All the way) All the way to kingdom come

Love is a miracle
It's a miracle if you can find it
And miracles are hard to come by these days (these days)
But the sweet Lord Jesus he's a miracle man
He's got holes in His feet in His side in His hands
And if you ask for love love pours through them
Like a ray of light like a raging blaze

We didn't know what love was 'til he came And He gave love a face and He gave love a name And He gave love away like the sky gives the rain and sun

We were looking for heroes He came looking for the lost We were searching for glory and He showed us a cross Now we know what love is 'cause He loves us All the way to kingdom come (All the way) All the way to kingdom come

Life is a mystery It's a mystery we're all living This world is so fragile And we're so frail ~ so frail

Yeah with the sweet Lord Jesus His mysterious heart Keeps the life-blood pumping at the center of it all If He let go of us we'd all blow apart But He holds on tight His love don't fail

We didn't know what love was

We didn't know what love was 'til He came And He gave love a face and He gave love a name And He gave love away like the sky gives the rain and sun

We were looking for heroes He came looking for the lost We were searching for glory and He showed us a cross Now we know what love is 'cause He loves us All the way to kingdom come (All the way)
All the way to kingdom come (All the way)
All the way to kingdom come (All the way)"
