

Rich Mullins, Love Of Another Kind

“They say love is cruel, they say love is rather fragile
But I've found in You a love of another kind
They say love brings hurt, I say love brings healing
Understanding first, it's a love of another kind

The love I know is a love so few discover
They need to know, Jesus' love is like no other

They say love won't last, I say love is never ending
'Cause in You I have a love of another kind
They would change their tune, they would add another measure
If they only knew this love of another kind

This love I know is a love so few discover
They need to know, Jesus loves them like no other

They say love is cruel, they say love is rather fragile
But I've found in You a love of another kind
They say love brings hurt, I say love brings healing
Understanding first, it's a love of another kind

They say love won't last, I say love is never ending
'Cause in You I have a love of another kind
They would change their tune, they would add another measure
If they only knew a love of another kind

This love of another kind, a love of another kind
A love of another, a love of another kind”
