

Rich The Kid, Bankroll

Bankroll, whole lotta hundos (Bankroll)
In the trap, they deliver like Dominos (Dominos)
Nah for real we got paper like Kinkos (Kinkos)
You a shrimp, I took your bitch to Pappadeaux (Pappadeaux)
We gon' stick to the money like Velcro (Velcro)
'Member back when I couldn't get an elbow (Elbow)
Now I got these bitches wetter than a speedboat (Boat)
They was tryna book a show, but they can't play that cool (Rich)
Law and order, 'fore they see me at the booth pay a fee
I'ma walk on stage with a whole lotta water
With a whole lotta drip on me
Glock hanging out my side and my pockets fifty each
Leave a stain in the street, never talkin' 'bout the beef
You the kind to never speak, you the one that I keep
Leave him dead on the scene same day as I breach
Real demons in my head with some blood on my feet

They gon' go out, can't save 'em, no need for the preach
And my shooters maneuver, no lock on the leash
Say you loyal, dishonor, no, fuck it, you keep
You a bitch, I'm a sinner, no way you could teach
I'ma jump out and walk and let Rich park the Benz
Every green flag go up when I do the arena
I ain't bringing 'em up, they wasn't down when I needed
I got millions, that mean I don't know how to treat her
I ain't nothing like that
They be stalling, but I'm all in, oh yeah
Put an M on that
I don't call them, you just calling, that's fact

Two Rolls Royce trucks, that's two brothers
Fuck her on the bed but not under covers
Say he rapping, he ain't trapping, but he really undercover
We ain't stressing 'bout the money, buy a Bentley for my mother
Nah, for real, they was hating way before the deal
She bad, want Birkin and Prada heels (She bad)
Popped a pill
Diamonds on me, they Holyfield
That's my brother, yeah for real, he can get a mil'
Niggas capping like they stepping, they ain't in the field
Bankroll, walk with a hundo
So much money, had to stuff it in the condo
