

# Rich The Kid, Blessings

I had to learn in a lesson  
Use it all in a second  
I made it hail that's the blessing  
Get the money not stressin'  
You better count yo' blessings, you better count yo' blessings  
You better count yo' blessings, you better count yo' blessings  
I had to learn in a lesson  
Use it all in a second  
I made it hail that's the blessing  
Get the money not stressin'  
You better count yo' blessings, you better count yo' blessings  
You better count yo' blessings, you better count yo' blessings

Thankin' God for the breakfast  
Pockets stuffed I got extras  
Your own friends they'd hate you  
Play a bitch like a safety  
Gotta thank God for the dinner  
Neck on froze like the winter  
Broke niggas still runnin' they mouth  
Back then used to brick in the house  
Look what these bitches a do  
Niggas hatin' on me too  
Know they see me in the coupe  
You better count yo' blessings

In kitchen I'm a whip it the hardest  
Bring it back to the truck where it started

You better count yo' blessings, you better count yo' blessings  
I had to learn in a lesson  
Use it all in a second  
I made it hail that's the blessing  
Get the money not stressin'
