Need a Bentley, young nigga get your roll on  
Ride around with the bands in the trunk and the Louis bag  
I can't fuck with a broke bitch  
In the kitchen whipping so damn hard  
I fuck around and got broke wrists  
100 bottles for the bitches, gon' flex  
Rolls Royce, we ain't riding no Lexus  
Walk around, my pockets look pregnant  
She gon' suck it, then send her to the exit

From the bando to the fishscale  
I be running up the money, got a beeper on me  
I was still getting paper, they was sleeping on me  
Walk around, blue money, got to keep it on me

Say you want [?], they gon' pull up

Rich nigga walking 'round, flexed up  
Riding in the Bentley with the doors up
