

# Rich The Kid, The Nawf

Real boss take a loss  
Sniper rifle take you out  
We was jugging in the nawf  
Buy it all fuck the cost  
For real I'm finnesin' the plug  
Purple paint in a mug  
Bad bitches showin' love  
On the nawf came up  
I had to jugger the nawf  
I made a plug in the nawf  
That's the bando in the nawf  
Got a sniper rifle, take you out  
I'm runnin' up in the nawf  
I made a mil' in the nawf  
Real boss take a loss  
Came up in the nawf

Bando that's a trap  
Bad bitches bring it back  
Bring a perc, bring a bag  
All the dope jugger set  
I was finnesin' you know it  
The best and I flooded a rollie  
Sniper rifle on a roof  
Four holes on a booth  
Meet the plug in the nawf  
Real boss take a loss  
Now I got it, I'm flawless  
Maybachs, no roof  
I was jugging, finessing  
I done got rich, that's the blessing  
I done ran it up, no question  
My shooters got toppin' Smith & Wesson

Real boss take a loss  
Sniper rifle take you out  
We was jugging in the nawf  
Buy it all fuck the cost

I'm flexing on purpose, you know it  
Water diamonds like a lake  
Fuck the slave, take the cake  
I was grinding, I was straight  
I stand in my house and they doubting me  
My momma she told me I had to leave  
My wrist is on zero degrees  
I'm getting the rest in Belize  
Hollywood, change locations  
In the field with my haze  
Real boss take a loss  
Being rich forever, no Ross  
Like Birdman I been stuntin'

I cop a wraith, it ain't nothin'  
On the top, press a button  
Call my phone for a onion

Real boss take a loss  
Sniper rifle take you out
