

# Richard Hawley, I'm Looking For Someone To Find Me

When you're tired and feeling lonely  
And your heart has nowhere to head  
Think of me I'll be thinking somewhere  
Of all those things that you said

But don't be cruel to me  
Don't be cruel to me

Cos I'm looking for someone to find me  
I'm looking for someone to love  
I'm hoping that someone will find me  
I got no one to love

When your days are plagued by loneliness  
And you got no one to call  
My name's here in the phone book  
I'll be straight round to yours

But don't be cruel to me  
Don't be cruel to me

Cos I'm looking for someone to find me  
I'm looking for someone to love  
I'm hoping that someone will find me  
I got no one to love  
I got no one to love

I'm hoping that someone will find me  
Someone to call my own  
Someone who will be kind to me  
Cos I got no one to love

When your faced with life that ain't working  
And your heart is heavy inside  
Well it's time to think of leaving  
All that darkens your mind

But don't be cruel to me  
Don't be cruel to me

Cos I'm looking for someone to find me  
I'm looking for someone to love  
I'm hoping that someone will find me  
I got no one to love, I got no one to love, I got no one to love

I'm hoping that someone will find me  
Someone to call my own  
Someone who will be kind to me  
Cos I got no one in this world  
Or this life I need someone to love
