

Richard Jacques, Super Sonic Racing

Come on run away, you don't have to stay
We're nearly out of time but you're doing fine
So stay on track and don't look back
Just feel the pace
Come on now RACE!!

Everybody's Super Sonic Racing, try to keep your feet right on the ground
When you're Super Sonic Racing there's no time to look around
We're just Super Sonic Racing, running to the point of no return
Everybody's Super Sonic Racing, come on let the fires burn

Everybody, everybody, everybody
Everybody, everybody, everybody
Everybody, everybody, everybody
Everybody, everybody...

Everybody's Super Sonic Racing, try to keep your feet right on the ground
When you're Super Sonic Racing there's no time to look around
We're just Super Sonic Racing, running to the point of no return
Everybody's Super Sonic Racing, come on let the fires burn

Don't you know that we really have to go
To a place where you can feel my heart just race

Everybody's Super Sonic Racing, try to keep your feet right on the ground
When you're Super Sonic Racing there's no time to look around
We're just Super Sonic Racing, running to the point of no return
Everybody's Super Sonic Racing, come on let the fires burn
