

Richard O'Brien, Look What I Did To My Id

Emily: Like a virgin, with an urgin, in a surgery
I'll be swinging, I'll be bringing out the nurse in me.

Harry: The art will start when I play my part
As a healer who will steal your heart

H&E: Oh look what I did to my ID.
Oh look what I did to my ID.

Cosmo: With neurosis in perfusion

Nation: And psychosis in your soul

Cosmo: Eliminate confusion

C&N: And hide inside a brand new role!

Macy: Like a good time girl I'm gonna try some new tricks

Ralph: This could be the start of a whole new career

Macy: Got a deep plumb lipstick and some therapeutics

Ralph: This could take us to a town that's nowhere near here.

AnsIng: Got some heartfelt symptoms and I'm feeling sneaky

Ricky: Young male intern tall and handsome

AnsIng: Got my hems so high they'll think I'm being cheeky.

Ricky: Legs like mine were really made for dancing

All: Oh oh oh! Hey hey hey!

C&N: When heavens in the music
Hell is in control.
The angel's got the voices
But the Devil's got rock and roll!

All: We may look we're phony medics
But we took our look from a book by Frederick's

Oh look what I did to my ID - ID!.
Look what I did to my ID.
