

Richie Aufrichtig, Sarah Dinger Pt. Two

I'm so down
Another night you're not around
I wish that I could stop you
Say a word or two
'Cause right now I am lonely
And everything is wrong
Because you cannot hold me
I'll try to hold this song
But every word digs deeper
And sorrow stays so long
There's nothing left to keep here
No right left to wrong
Well you're so far away now
Never coming home
When I wake up tomorrow
Hope I don't feel so alone
