

Rick Nelson, There Goes My Baby

There goes my baby going for a ride yeah there goes my baby going for a ride
Well I know she's lonesome if I'm not by her side
She's always talking on that telephone oh she's always talking on that telephone
Well she must be lonely cause she's at home alone
Well time's a wasting talkin' bout this gal
I love her so much but I'll get along somehow
Yeah we used to fight and she'd call me a dirty dog
Oh we used to fight and she'd call me a dirty dog
Well talking to that woman is like talking to a hollow log yeah
[guitar]
There goes my baby...
