

Rick Springfield, Beethoven Street

Baby used to be a rock n roller
In the night time
She used to use all of my money
To have a good time

I gave her plenty of good times
She gave me plenty of heartaches
She was planning a getaway
Oh take me

To Beethoven Street
That's where I want to be
Yeah take me
To Beethoven Street
That's where I want to be
Baby's given up rock n roll
And I can hardly keep control
Take me to Beethoven Street
Mr. I want to be there

Who cut the power on you
I just don't know
Who pulled the switch her heartbeat
She wouldn't let me know
I gave her plenty of good times
She gave me plenty of heartaches
She was planning a getaway

Take me to Beethoven Street
That's where I want to be
Take me to Beethoven Street
Mr. I want to be there
Who cut the power on you baby
I just don't know
Who pulled the power on you
I just don't know
I gave her plenty of good times
She gave me plenty of heartaches
She was planning a getaway

Take me to Beethoven Street
That's where I want to be
Take me to Beethoven Street
Mr. I want to be there
Take me to Beethoven Street
