

Rick Springfield, Free & Easy

Afloat on the ocean, adrift in the sea
Noone around us, there's just you and me
Alone on an island, asleep on the shore
Miles from everyone, I need nothing more

And I'm feeling Free && Easy, and I'm feeling Free && Easy
And I'm feeling Free && Easy, just knowing that your there

We wake in the morning, we walk by the shore
Miles from everyone, I need nothing more
We float on the ocean, we drift in the sea
The water surrounds us, so easy and free

And I'm feeling Free && Easy, and I'm feeling Free && Easy
And I'm feeling Free && Easy, just knowing that your there

We float on the ocean, we drift in the sea
The water surrounds us, so easy and free

And I'm feeling Free && Easy, and I'm feeling Free && Easy
And I'm feeling Free && Easy, just knowing that your there

And I'm feeling Free && Easy, and I'm feeling Free && Easy
And I'm feeling Free && Easy, just knowing that your there
