

Rick Springfield, I Know That It's Magic

I'm amazed at things you, you do it all with ease
I smile while everything you do, drives me to my knees

'Cos I Know That It's Magic, and I Know That It's Magic
Yes, I Know That It's Magic, in everything you try to do

Many times I see ahead, I'll have to make a stand
Maybe I can call on you, I know you'd understand

'Cos I Know That It's Magic, and I Know That It's Magic
Yes, I Know That It's Magic, in everything you try to do

'Cos I Know That It's Magic, and I Know That It's Magic
Yes, I Know That It's Magic, in everything you try to do

'Cos I Know That It's Magic, and I Know That It's Magic

Yes, I Know That It's Magic, and I Know That It's Magic
