

# Rick Springfield, Let's Go Out Tonite

[Originally by The Blue Nile]

Where the cars go by  
All the day and night  
Why don't you say  
What's so wrong tonight  
Pray for me  
Praying for the light  
Baby, Baby, let's go out tonight

Where the lights all shine  
Like I knew they would  
Be mine all mine  
Baby I'll be good  
Pray for me  
Praying for the light  
Baby, Baby, let's go out tonight

I know a place  
Where everything's alright, alright  
Let's go out tonight

Where the cars go by  
All the day and night  
Why don't you say  
What's so wrong tonight  
I pray for love  
Coming out alright, yeah  
Baby, Baby, let's go out tonight, yeah  
Baby, Baby, Baby, let's go out tonight

Tonight, tonight, yeah, tonight
