

Rick Springfield, Walking The Floor On My Hands

Walking The Floor On My Hands Over You
I just can't believe what you're trying to do
Spinning around and around and you know I'm

Walking The Floor On My Hands Over You
Walking The Floor On My Hands Over You
I just can't believe what you've been trying to do
Spinning around and around and you know I'm
Walking The Floor On My Hands Over You

Everybody wants somebody
And I can make it just for you
Won't you tell me please tell me
What you're trying to do
Everybody says you want me
Baby I'm not too sure
Just what you've been doing
It should be against the law

Walking The Floor On My Hands Over You
I just can't believe what you're trying to do
Spinning around and around and you know I'm
Walking The Floor On My Hands Over You

Well you got me
I don't know what's going down
Tell me where you want me
And put me back on the ground
Everybody says you want me
Baby I'm not too sure
Just what you've been doing
It should be against the law

Walking The Floor On My Hands Over You
I just can't believe what you're trying to do
Spinning around and around and you know I'm

Walking The Floor On My Hands Over You
Walking The Floor On My Hands Over You
I just can't believe what you're trying to do
Spinning around and around and you know I'm

Walking The Floor On My Hands Over You
