

# Rick Springfield, Yes I'm Glad

Lend an ear to what I have to say  
The rain outside has stopped with you to play  
But if you notice just what I am noticing

You'll be glad  
Step outside  
Step outside you'll find  
Look above  
Look above your mind

Lend an ear to what I have to say  
The sun outside is going to shine today  
But if you notice what I am noticing

You will be glad  
Look around  
Look around you'll find  
See the sound  
See the sound of mind  
Lend an ear to what I have to say  
Turn around and see the light of day

Yes, I know just what you are noticing  
Are you glad  
Thank you for all you have given me  
The reasoning to see what is good and bad  
And I am thankful finding a way to  
See the way and feel the way I am

I said look around  
Look around you'll find  
See the sound  
See the sound of mind  
Lend an ear to what I have to say  
Turn around and see the light of day  
Yes I notice what you're noticing

Are you glad  
Yes, I'm glad  
Are you glad  
Yes, I'm glad  
Are you glad
