

# Rick Trevino, That Ain't My Truck

she's been going out with him, she's been going out with me  
she said she'd let us know by tonight which one it would be  
so i waited by the phone but she never called me up  
had to know i was going home so i drove by her house  
and sure enough

that ain't my truck in her drive  
and this ain't my day tonight  
looks like she's in love and i'm out of luck  
that ain't my shadow on her wall  
lord this don't look good at all  
that's my girl, my whole world  
but that ain't my truck

i pulled over by the curve  
i've been sitting here all night  
wondering what it was i did so wrong that he did so right  
i thought of breaking down her door but there's nothing left to say  
that Chevy 4x4 says it all sitting in my place

that ain't my truck in her drive  
and this ain't my day tonight  
looks like she's in love and i'm out of luck  
that ain't my shadow on her wall  
lord this don't look good at all  
that's my girl, my whole world  
but that ain't my truck

that ain't my shadow on her wall  
lord this don't look good at all  
that's my girl, my whole world  
but that ain't my truck

that's my girl, my whole world  
but that ain't my truck
