

# Rickie Lee Jones, Jolie Jolie

Jolie, jolie, pretty little thing  
Berce moi toute la nuit  
All I want you to do is just be happy  
And we went on a walk and we went on a hill  
And come back up again, you know I will  
Just to bring you the mail, to me it's just another hill  
Jolie, jolie,  
Berce moi, prend sur toi toute la nuit  
dancing love  
All I want you to do is just be happy, be happy  
Do you want me to fly to heaven's gate?  
I won't wait  
I'll go right away cuz to me it's just another day  
Jolie, jolie,  
Berce moi, prend sur toi toute la nuit  
dancing  
All I want you to do is just be happy, even happier than that

Do you want me to stop every time I start?  
When I kiss your lips and you break my heart  
But I do this to me it's just a little kiss  
It's just a little kiss  
Uh, huh, stay right there on the "A"  
Yeah baby stay there  
Oh daddy, you can only do the best you can  
I just want you to be happy, eh
