

Ricky J, Partyin' Now

It's been a while now
But I'm back
Makin love in the rear
And my ride, couldn't leave cuz I'm luv'in it here
I used to have to take a cab
Always stuck in the rear
Late nights
Take flights, now I'm up in the air
Late nights at my crib, you was up in the air
I can hit it til you drop, leaving nothin to share
When I rock this
Still I got one question
Bout my boxers in your office
Don't be getting obnoxious
Now you talk all this
Now you ain't stall like this
When you got topless
You can slide or stay, be by my side always
But tonight I say
This ain't the time or place

Chorus:

Yo Rick whatcha doin?
We're partyin now
Tell me what I'm supposed to do
Put your body in now
Yo before we weren't sure
But we started it now
It ain't hard to get down
Yo we partyin' now
Baby, don't need to get so crazy
Still love you when you hate me
We're partyin now, lady
I'm just playin
Baby don't need to get so crazy
Still love you when you hate me
We're partyin now, lady
I'm just playin

Since I showed you out
You never closed your mouth
Saying how could you
I never told you how
Always gettin mad off the stuff that I've done
Why you gotta cause a scence when we're up in the club
Can't we last for the evening?
Laugh for the evening?
Why is it at the party, you ask if I'm cheatin?
Yell at me tomorrow, there's your chance to fight
Now it's time for me to move
Let's just dance the night

Chorus:

Yo Rick whatcha doin?
We're partyin now
Tell me what I'm supposed to do
Put your body in now
Yo before we weren't sure
But we started it now
It ain't hard to get down
Yo we partyin' now
Yo Rick whatcha doin?
We're partyin now
Tell me what I'm supposed to do

Put your body in now
Yo before we weren't sure
But we started it now
It ain't hard to get down
Yo we partyin' now
Baby, don't need to get so crazy
Still love you when you hate me
We're partyin now, lady
I'm just playin
Baby don't need to get so crazy
Still love you when you hate me
We're partyin now, lady
I'm just playin

Am I your only girl, Rick?
Yea yea yea
Are you even listening?
Yea yea yea
You tell are you done yet?
Yea yea yea
Whatever happens now
You can stay right there
Now the dance floor's packed now
Don't even back down
Go and move your back down
Guess you'll come back now
Always on edge cuz you wanna play foul
You always say no, when the ladies say Ow
If you're really mad then ya gotta wait now
I gotta get down
You're my party date now
Can't you just tell what your sayin is wrong
We've only got an hour left and they're playin my song

Chorus:
Yo Rick whatcha doin?
We're partyin now
Tell me what I'm supposed to do
Put your body in now
Yo before we weren't sure
But we started it now
It ain't hard to get down
Yo we partyin' now
Yo Rick whatcha doin?
We're partyin now
Tell me what I'm supposed to do
Put your body in now
Yo before we weren't sure
But we started it now
It ain't hard to get down
Yo we partyin' now

Repeat Till Fade:
Baby, don't need to get so crazy
Still love you when you hate me
We're partyin now, lady
I'm just playin

(Repeat 7x Till Fade)
