

# Ricky Nelson, Blood From A Stone

Baby, baby, I shoulda known  
You can't get blood from a stone  
And I can't get a love that's true  
From you

Baby, baby, it's no joke  
You can't get fire from smoke  
And I can't get a love that's true  
From you

Now you look so good, fine on the outside  
You put me in a spin  
You set me on fire, my hearts desire  
What an awful fix I'm in

Baby, baby, I shoulda known  
You can't get blood from a stone  
And I can't get a love that's true  
From you, oh yeah

Baby, baby, I shoulda known  
You can't get blood from a stone  
And I can't get a love that's true  
From you, oh yeah  
From you, oh yeah  
From you
