

# Ricky Nelson, Chump Change Romeo

Hello chump change Romeo  
Watch this small town Cassanova work his show  
And he's just a gigolo

Times are tough that's what the TV says  
Romeo you know, he still works out okay, yeah  
He puts on the trousers, oh so tight  
Then he goes out searchin' for women in the night

Hello chump change Romeo  
Watch this small town Cassanova work his show  
And he's just a gigolo

And the ladies give out all they've got  
Romeo you know, he's got to have a lot, yeah  
And he knows just when and where and what to touch  
And he knows that you never can touch to much

Hello chump change Romeo  
Watch this small town Cassanova work his show  
And he's just a gigolo  
Just a chump change Romeo

He's changed his chump  
But he never stays in a slump  
And his mind's on fire  
And it's burnin' up with desire

He's just a chump, change Romeo  
He's just a chump, change Romeo  
He's just a chump, change Romeo
