

# Ricky Nelson, History Of Love

One day I read in a history book of love so long ago  
About Adam and Eve had nothin' on us, but we need each other so  
And we're goin' down in the history, history of love  
Goin down in the history, history of love

And then I read of Marie Antoinette, she lost her head over Louie  
But I lost mine over you each day, because I love you truly  
And we're goin' down in the history, history of love  
Goin down in the history, history of love

Delilah cut poor Samson's hair, what an evil thing to do  
Well you can call me Samson from now on, 'cause you're my weakness too  
And we're goin' down in the history, history of love  
Goin down in the history, history of love
