

# Ricky Nelson, I Know A Place

Every day when the work is behind you  
And the shop and the store put the lock on the door  
Just get away where your worries won't find you  
If you like, well I'll tell you more

Don't let the day get the better of you  
When the evening comes there's so much to do  
You better put on your best and wear a smile  
Just come along with me awhile  
'Cause I tell you

I know a place  
where the music is fine  
And the lights are always low  
I know a place where we can go

At the door there's a man who will greet you  
Then you go downstairs to some tables and chairs  
Soon I'm sure you'll be tappin' your feet  
Because the beat is the greatest there

All round there are girls and boys  
It's a swingin' place, a cellar full of noise  
It's got an atmosphere of its own somehow  
You gotta come along right now  
'Cause I tell you

I know a place  
where the music is fine  
And the lights are always low  
I know a place where we can go

It's a swingin' place, a cellar full of noise  
It's got an atmosphere of its own somehow  
You gotta come along right now  
'Cause I tell you

I know a place  
where the music is fine  
And the lights are always low  
I know a place where we can go

I know a place where we can go  
I know a place where the lights are low  
You're gonna love this place I know  
I know a place where we can go
