

# Ricky Nelson, I've Been Thinkin'

Well I've been thinkin'  
Watcha gonna do little girl on our first date  
Well I've been thinkin'  
When I hold your hand little girl, watcha gonna say

Well watcha gonna do when I hold you tight  
Watcha gonna do when I say goodnight  
Watcha gonna do little girl when I kiss your lips  
If all of my dreams come true  
Just like I want them to  
I know little girl exactly what you're gonna do

Well I've been thinkin'  
Oh please little girl won't ya be my steady date  
Well I've been thinkin'  
Watcha gonna do when I ask you to wear my ring

Well watcha gonna do when I hold you tight  
Watcha gonna do when I say goodnight  
Watcha gonna do little girl when I kiss your lips  
If all of my dreams come true  
Just like I want them to  
I know little girl exactly what you're gonna do

Well I've been thinkin'  
Oh please little girl won't ya be my steady date  
Well I've been thinkin'  
Watcha gonna do when I ask you to wear my ring  
Yes, watcha gonna do when I ask you to wear my ring
