

# Ricky Nelson, Lifestream

The river keeps on rolling  
My lifestream keeps on flowing  
Only you know what you're doing to my soul

My dreams call on tomorrow  
My love knows all my sorrow  
Only you know what you're doing to my soul

Stay with me and we'll find a way  
I'll be your night if you'll be my day  
Through the dawn and beyond the sky  
We can fly, you and I

Only you know what you're doing to my soul

The river keeps on rolling  
My lifestream keeps on flowing  
Only you know what you're doing to my soul  
Only you know what you're doing to my soul
